

GEORGE B. HAYNES GIVEN PROMOTION Becomes General Passenger Agent of C. & M. & St. P.; Well Known Here.

Word from Chicago yesterday announced that George B. Haynes, well known in railroad and business circles in this city, has been appointed general passenger agent of the Chicago, Milwaukee & St. Paul railway, with headquarters in the Illinois metropolis.

Mr. Haynes visited Salt Lake last fall, when he spent some time investigating Utah's unusual inducements for immigration from outside points. During his stay here he won wide friendship through his personal popularity and marked interest in Utah possibilities and development.

Mr. Haynes's friends declare that he may be relied upon to use his experience and influence to Utah's advantage.

Mr. Haynes is one of the youngest men of the country to occupy such a position as he has just stepped into. He has been engaged in railroading throughout his career, and his progress up the ladder of achievement and advancement has been brilliant and rapid.

He was first engaged by the Union Pacific in the Omaha passenger department, and then became city passenger agent of the Chicago, Milwaukee & St. Paul railway, with headquarters in Omaha. Successively thereafter, he became traveling agent, general immigration agent, and assistant general passenger agent, with headquarters in Chicago. He succeeds F. A. Miller as general passenger agent, Mr. Miller having been advanced to the position of passenger traffic manager.

It was while Mr. Haynes was immigration agent that he visited Utah last fall and interested himself actively in possibilities in this city and state.

EXPRESS SERVICE STARTED.

Bamberger Lines Begin Hourly Delivery Between Salt Lake and Brigham City.

The express service over the Salt Lake & Ogden and the Ogden Rapid Transit company was started yesterday and the business of the first day augurs well for the future. Through express will now be handled between this city and Brigham City and to intermediate points.

The service will be hourly. The Bamberger company yesterday said that work on the bridge that the Salt Lake & Ogden Railway company is building across Weber river at Ogden is progressing satisfactorily. Practically all of the piles have been driven and cement work will be started this week.

ANOTHER BOOST NUMBER.

February Issue of Arrowhead Has a Number of Interesting Articles.

The February issue of the Arrowhead is out and contains numerous interesting and instructive articles regarding the conditions in California, Nevada and Utah. Chief among the articles is one by D. A. Smith on how to improve our own markets. It is an address that was delivered at the state horticultural convention in Ogden and it contains many allusions to Salt Lake City and Utah.

"Having Eyes That See" is the title of another article, which was written by Howard Elliott of the general manager's office of the Salt Lake route. This is of particular interest to railroad men. The theme of his story is that each employee of the company should consider himself a committee of one, to look after the interests of the company and, when he sees anything to do, should do it.

PUSHING NEW LINE.

Salt Lake & Utah Company is Busy Acquiring Right-of-Way.

Construction Engineer S. S. Arenz of the Salt Lake & Utah Railroad company said yesterday that the right-of-way forces are busy working along the lowlands out of Provo paralleling the D. & R. G. tracks, and that the right-of-way to within a very short distance of American Fork have been secured and are contracted. This section of the line will be finished up within a few days, and the right-of-way forces will then be removed to other parts of the projected line.

The company is rounding out details.

Ugly Sores Quickly Banished

You Marvel How Worst Skin Eruptions Disappear as Result of Famous Remedy.

If you have been fighting some blood troubles, some eruptive skin disease, call it eczema, lupus, psoriasis, malaria, scrofula or what you will, there is but one sure, safe way to cure it. Ask at any drug store for a \$1.00 bottle of S. S. S. and you are then on the road to health. The action of this remarkable remedy is just as direct, just as positive, just as certain in its influence as that the sun rises in the east. It is one of those rare medical forces which set in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood for the diseased venous blood is marvelous.

Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor. The lungs breathe it out, the liver is stimulated to consume a great proportion of impurities, the stomach and intestines cease to convey into the blood stream the catarrhal, malarial germs, the bowels, kidneys, bladder and all accessories of the body are marshalled into a fighting force to expel every vestige of eruptive disease.

There is scarcely a community anywhere but what has its living example of the wonderful curative effects of S. S. S. Get a bottle of this famous remedy to-day, and if your case is stubborn or peculiar, write to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Their medical laboratory is famous and is conducted by renowned experts in blood and skin diseases.

Can Almost See Pimples Go

The New Calcium Sulphide Treatment Does Wonders to Every Kind of Skin Eruption.

You don't want to wait forever and a day to get rid of your pimples or other skin eruptions. You want to get rid of them right now. Next week you may want to go somewhere where you wouldn't like to have to take the pimples along.

Pimples Quickly Disappear From Face, Arms, Neck and Back, and Insure a Beautiful Complexion.

You can get rid of them just in time by taking Stuart's Calcium Wafers.

These wonderful little workers have cured bad boils in three days, and some cases of skin diseases in a week.

They contain as their main ingredient most thorough, quick and effective blood cleanser known, calcium sulphide. Remember this, too, that most pimple treatments reek with poison. And they are miserably slow besides.

Stuart's Calcium Wafers have not a particle of poison in them. They are free from mercury, biting drugs or venomous opiates. This is absolutely guaranteed. They cannot do any harm, but they always do good—good that you can see in the mirror before your own eyes a few days after.

Don't be any longer humiliated by having a splotchy face. Don't have strangers stare at you, or allow your friends to be ashamed of you because of your face.

Your blood makes you what you are. The men and women who forge ahead are those with pure blood and pure faces.

Stuart's Calcium Wafers will make you happy because your face will be a welcome sight not only to yourself when you look into the glass, but to everybody else who knows you and talks to you.

Stuart's Calcium Wafers are sold by all first class druggists at 50 cents a box. They are very pleasant to the taste and in results are truly remarkable. (Advertisement.)

Three Veterans Die.

H. H. Hunkins of the Chicago, Milwaukee & St. Paul, in this city, received a communication from headquarters yesterday announcing the death of three veterans in the service of the company. A peculiar feature of the deaths is that they occurred in rotation and within three days. W. J. Fry, superintendent of telegraph, died in Milwaukee last Friday. P. Tyrrell, auditor, died in Chicago Saturday, and W. N. D. Wines, controller, died in Florida Sunday. The officials all stood high in railroad circles and had been with the C. & M. & St. P. for many years.

Excursion to Canal.

Joseph H. Mandersfeld, assistant general freight and passenger agent for the Salt Lake route, yesterday received a pamphlet announcing a special excursion to the Panama canal and return by way of the American steamship Alameda from San Pedro, Cal. The ship will sail March 20, and Mr. Mandersfeld has wired the steamship company agency for 100 of the announcements and more complete information regarding the excursion. The information will be found in the Salt Lake route offices in the Judge building after this week.

Railroad Notes.

The cause and responsibility of the accident that occurred on the Salt Lake & Ogden railroad at St. Joseph about a week ago will be determined today at a meeting of all concerned.

The story of the crusades and their relation to Knight Templarhood is the theme of an exceptionally interesting folder just issued by the Denver & Rio Grande railroad in Denver next August. The publication is replete with colorful illustrations, pictures of Denver and Rocky mountain scenes.

The Chicago, Milwaukee & St. Paul railway has announced that it has begun the publication of an "Employee Magazine" with offices at 70 Railway Exchange, Chicago. I. G. C. Kendall is editor of the publication and Harry Brown is manager.

The Utah railway will soon have fifty new coal cars, which will be sent to the cause of Mohel, Black Hawk and Hivawatha. Twenty-five of the cars are steel gondolas and the remaining twenty-five are flat cars. The fifty cars cost approximately \$40,000. The gondolas will come from Columbus, O., while the flat cars were purchased at Pittsburg.

Club Notes

(Continued from Preceding Page.)

R. Barnes at her home on Fifth avenue and L street. Mrs. Frank L. Hines will read a paper on "How Our Nation Stands at the Close of the Taft Administration." Mrs. J. B. Davis will review current political news and Mrs. George Buckle and Mrs. Frank Scott will assist the hostess.

Mizpah Chapter No. 5 will hold its regular meeting Monday evening March 3, at Masonic temple. This is

YOUR SOUR, GASSY, UPSET STOMACH WILL FEEL FINE IN FIVE MINUTES

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

LARGE 50 CENT CASE—ANY DRUG STORE.

the official visit of grand lecturer and initiation. All members are invited.

The Seekers' Literary club will meet Tuesday afternoon with Mrs. J. O. Bronson at her home, 614 Seventh avenue. Mrs. R. H. Thomson will give a book review and the members of the club will discuss current events.

The women of Lloyd Alliance will hold the regular monthly luncheon on Wednesday at 12:30 in Unity hall.

New Corporations

Druehl Townette company, Salt Lake; capital stock \$50,000, shares \$1 each. P. A. Druehl, president; James H. Patterson, vice president; Charles N. Sorel, treasurer; Harold A. Lafont, secretary.

HAVE MANY INQUIRIES FOR SMALL HOMES

The J. L. Denham company reports a very large number of inquiries, not only for homes, but also for small ranches and building lots. Mr. Denham says there are a great many people who have from a few hundred to a few thousand dollars in bank and are not satisfied with the interest it is paying.

Mr. Denham reports the following

A Staple Medicine for All Families

From Infancy to Old Age a Reliable Family Laxative Is Most Needed—Try This One.

DR. GEO. T. HULL.

It is inconceivable in this day of general intelligence that any family would be without a simple remedy for the minor ills of life, for often by giving such a remedy in time a serious disease can be frustrated and a life saved.

For example, if at the first sign of a cold a simple laxative-remedy like Dr. Caldwell's Syrup Pepsin were given the beginning of a serious lung affection or of a typhoid fever might be avoided. And also in headaches, nervousness, etc., a small dose of this remedy would relieve the congestion and replace distress with comfort. Mothers give it to tiny infants and little children, and grown people take it with equally good effect.

Thousands of good American homes are never without it, among them the home of Dr. Geo. T. Hull, Prop. Hull Drug Co., Frue, Okla. Dr. Hull has for a number of years recommended Dr. Caldwell's Syrup Pepsin in his practice and writes that "for stomach and bowel disorders, worms in children and a general laxative-remedy it has no equal." Syrup Pepsin saves the health of the family, and it saves doctor's bills. It is a guaranteed cure for any form of stomach, liver and bowel trouble, constipation, indigestion, biliousness, gas on the stomach, headaches, drowsiness after eating, etc. Have no hesitancy about giving it to any member of the family, however

young or old, for it contains nothing injurious to the youngest person. A bottle can be obtained at nearly any drug store for fifty cents or one dollar. The latter size is more economical and is bought by those who have already convinced themselves of its merits. Syrup Pepsin users learn to discard pills, salts, cathartics and purgatives generally, as they are too great a shock to any average system.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a drug, list, send your address—a postal will go—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

sales: Mary Foster to Sallie Lamkin, six-room modern brick house, \$4600; also Dr. Keyes, house, corner Ninth East and Belmont avenue, to Louis Ol-

sen, for \$4250; George A. Nielson to Ida E. Hoin, two lots in Sunnyside addition, \$500; and two lots in Idlewild addition to J. S. Fowler for \$350.

The Smartest Spring Fashions in Suits, Coats, Dresses, Millinery

Easter is near; time now to select your spring clothing. Z. C. M. I.'s display of newest styles, all the newest fabrics, all the newest modish colorings.

MILLINERY—A delightful variety of becoming creations that are decidedly chic and dainty. The shapes are small or medium sized, and the tendency is toward fresh, bright, springlike colors. Bulgarian colors will be very popular. On the Second Floor, take front elevator by Dress Goods dept.

Earliest Easter in 200 Years

Sunday, March 23, will be Easter Sunday, and it will not occur again so early in the year for 200 years.

Easter is the annual festival observed throughout Christendom in commemoration of the resurrection. The name Easter, like the names of the days of the week, is a survival from the old Teutonic mythology. According to Bede, it is derived from EOSTUR or OSTARA, the Anglo-Saxon goddess of spring, to whom the month answering to our April and called EOSTUR-MONATH, was dedicated.

Briefly, however, "Easter day is the first Sunday after the full moon following the vernal equinox."

New Wash Fabrics for Spring
